PROFILE

I am an ambitious, experienced and creative Film Editor, working Offline on both Avid and Premiere. I studied at Giuseppe Bertolucci's 'Officinema' course on Film Editing at the Cineteca di Bologna in 2008.

I am currently working on a Netflix Original animated show, Kitti Katz, created by Ed Bignell for KidsCave Studios.

In the past thirteen years I have gained a broad range of experience from editing features (documentaries and drama) to working on animated television series (Netflix and ITV Global) and cutting numerous short films.

What I'm most passionate about is the storytelling part of my job, across features and television, narrative is what I do best.

I am most interested in working in high end drama and features, telling meaningful stories with a pinch of comedy and sarcasm is my final goal and dream.
